Affordable Housing in Brown County

What is Affordable Housing?
Housing is considered affordable if it consumes 30% or less of a household’s gross income. Generally, when households spend more than 30% of their income to meet housing costs, they do not have enough income to meet other basic needs or weather financial setbacks.

The Supply of Affordable Housing Lags Demand
The current and projected unmet affordable housing need through the year 2010 in Brown County is conservatively estimated at 1,429 low-income households.¹

Lower Income Households Face Extreme Affordability Challenges
The table below shows the number and percent of households in different income brackets that pay over 30% of household income for rental or ownership costs. It illustrates that households with lower incomes spend more of their income on housing costs than those with higher incomes. According to the 2000 U.S. Census, the median household income for Brown County was $39,800.

Homelessness in the Southeast Region

A one-day survey of people experiencing homelessness in Minnesota estimates that 8,800 Minnesotans are homeless and over 11,000 are precariously housed in temporary or unstable housing.9 Thirty-nine percent (39%) of these are children and youth.10

- On August 26, 2004, 297 people were sheltered in the Southeast Region, and an additional 129 were turned away because the shelters were full.11

The gap between the cost of housing and what people can afford is a major cause of homelessness.

- One-third of Minnesota’s homeless population cite the inability to afford housing cost as the primary reason for leaving previous housing.12
- Forty percent (40%) report being on the waiting list for Section 8, or other subsidized housing, while 16% are unable to get on the list because it is closed. The median wait time on a subsidized housing list exceeds 10 months.13

In 2003, 30% of all adults experiencing homelessness in Minnesota reported income from work, with 13% working full time.14

- 27% of surveyed adults experiencing homelessness in the Southeast Region are employed.15
- Of the adults experiencing homelessness in the Southeast Region who report being employed, 40% are employed full time.16

Other Important Brown County Housing Facts

- 6% of all Brown County residents and 7% of children under 18 live in poverty.17
- Brown County’s population declined by 1% between 2000 and 2005.18
- The average annual unemployment rate in Brown County was 4% in 2005.19
- A family of four with two full-time wage earners needs to earn a combined annual salary of $38,580 to afford the basic cost of living in Brown County. 41% of jobs in Brown County and counties nearby pay less than the regional wage required to afford basic needs.20
