Affordable Housing in Otter Tail County

What is Affordable Housing?
Housing is considered affordable if it consumes 30% or less of a household’s gross income. Generally, when households spend more than 30% of their income to meet housing costs, they do not have enough income to meet other basic needs or weather financial setbacks.

The Supply of Affordable Housing Lags Demand
The current and projected unmet affordable housing need through the year 2010 in Otter Tail County is conservatively estimated at 3,402 low-income households.¹

Lower Income Households Face Extreme Affordability Challenges
The table below shows the number and percent of households in different income brackets that pay over 30% of household income for rental or ownership costs. It illustrates that households with lower incomes spend more of their income on housing costs than those with higher incomes. According to the 2000 U.S. Census, the median household income for Otter Tail County was $35,395.
