The demand for affordable housing exceeds supply. The unmet affordable housing need through the year 2010 in Roseau County is conservatively estimated at 774 low-income households. Meanwhile, the number of households in the state spending more than half of their income on housing increased from 1 in 15 in 2000 to 1 in 8 in 2006. Minnesota experienced the fastest increase of extremely cost burdened households of any state in the nation during this time period.

The table above shows the number and percent of households in different income brackets that pay over 30% of household income for rental or ownership costs. It illustrates that the burden of housing costs weighs more heavily on lower-income families.

About 84% of Roseau County residents own their home and 16% are renters.

Generally, when households spend more than 30% of their income to meet housing costs, they do not have enough income to meet other basic needs or weather financial setbacks.
Lower-income households face extreme affordability challenges.

The chart below compares the median earnings of different workers to the income required for affordable housing. The median household income for Roseau County was $45,639 in 2006.
