The demand for affordable housing exceeds supply.

The unmet affordable housing need through the year 2010 in Traverse County is conservatively estimated at 279 low-income households. Meanwhile, the number of households in the state spending more than half of their income on housing increased from 1 in 15 in 2000 to 1 in 8 in 2006. Minnesota experienced the fastest increase of extremely cost burdened households of any state in the nation during this time period.

The table above shows the number and percent of households in different income brackets that pay over 30% of household income for rental or ownership costs. It illustrates that the burden of housing costs weighs more heavily on lower-income families.

About 81% of Traverse County residents own their home and 19% are renters.
