

2021 County Profile

Yellow Medicine

4,087 Households | SOUTHWEST REGION

Access to safe, affordable homes builds a strong foundation for families and communities. But too many Minnesotans lack good housing options.

Mirroring the state trend, the price of rent continues to rise and incomes are not keeping up, making it increasingly challenging for renters to make ends meet.

The income for families is not rising at the same pace as home values, making it more difficult for families to purchase and own a home.

RENTER HOUSEHOLDS

840 | 21% of all households

OWNER HOUSEHOLDS

3,247 | 79% of all households

HOUSING STOCK: While a significant portion of the rental and owner-occupied housing is aging (built before 1970), new construction is not keeping up with demand. Of particular concern is the gap between the number of available units for extremely low income households – and the number of people who need them.

Disparities: Disparities are stark for BIPOC residents of all 87 counties. Homeownership disparities are above 65% in every county in Minnesota with most over 90%. Cost-burden is higher for BIPOC renters (52%) than white renters (44%) in Greater MN.

% of homes built before 1970 **65%**

Single-family units permitted in 2019 **7**

% of rental units built before 1970 **52%**

Multi-family units permitted in 2019 **4**

Number of extremely low income households **275**

Units affordable to extremely low income households **225**

Gap between ELI households and units in Yellow Medicine county **50**

Greater MN	Renter Cost Burden	Severe Renter Cost Burden
White	44%	22%
Black	59%	36%
Indigenous	48%	24%
Hispanic	51%	29%

Homeownership in Yellow Medicine County

BIPOC Homeowners **219**

White Homeowners **3,028**

784 households in Yellow Medicine County pay more than 30 percent of their income toward housing costs, putting them at risk of being unable to afford basic needs like food and medicine. 355 are severely cost-burdened and pay more than 50 percent of their income on housing.

COST BURDEN Percentage of households paying more than 30% of their income toward housing.

Number of households paying more than 30% of their income toward housing

	RENTERS	OWNERS
Under \$20,000	248	195
\$20,000-34,999	35	115
\$35,000-49,999	8	80
Over \$50,000	2	101
Seniors	75	145
All cost-burdened households	293	491

SEVERE COST BURDEN Number and percent of households paying more than 50% of their income toward housing.

Severe Renter Cost Burden **132** households or **19%** of all renter households

Severe Owner Cost Burden **223** households or **7%** of all owner households

WAGES: Housing remains a challenge even for Minnesotans who are fully employed. The median earnings for most of the top in-demand and high-growth jobs in the Southwest region do not cover housing costs at an affordable level. Those working at the median wage – and especially those earning the minimum wage – cannot afford a two-bedroom apartment or the mortgage for a median price home.

HOMELESSNESS: In the Southwest region, too many families, seniors and children are still suffering the devastating consequences of having no place to call home.

Southwest Region Data

of homeless on a given night in 2018 **238**
 Change in homeless since 2000 **33%**
 Number of homeless children **115**
 Number of homeless seniors **10**
